### Public Open House High Street Streetscape and Infrastructure Redevelopment

The Town of Georgina invites the public to attend an Open House regarding the High Street Streetscape and Infrastructure Redevelopment project.

The project involves enhancements to the streetscape and infrastructure along a section of High Street in Sutton. This project was initiated to beautify the area and increase activity in the downtown core. This Open House will provide updated design concepts following the pre-design work and stakeholder workshops held earlier this year.

The Open House will be an informal drop-in format, with illustrations of the main recommended design concepts on display. Town staff will be in attendance to answer questions and attendees will be encouraged to complete comment forms or send emails to [highstreet@georgina.ca](mailto:highstreet@georgina.ca) to provide feedback directly to the project team.
